BENEFITS OF AEG TOOLS

We understand the demands of the trades, that's why we're the supplier of choice for the demanding trade professional. Expect nothing less than leading-edge performance, technology, innovation and reliability.

OPTIMISED PERFORMANCE

END USER RESEARCH

COMPACT DESIGN

BUILT TO LAST

OUR PROFESSIONAL OPINION

There's no substitute for the professional opinion of the trade. After all, they put AEG powertools through the toughest tests on the jobsite, day after day.

DOOR AND WINDOW FITTER

KEVIN FEIST
 WINDOW FITTER
5 YRS IN THE TRADE GERMANY

"We have now equipped all our [tradesmen] with the new battery devices in order to go cordless and exchange [their] corded machines. I had a great experience with [PRO18V] because you can actually say it's the first system where you can really effectively swap the tools and replace corded machines. The HD batteries give a lot more juice, more energy, that hasn't been seen before in batteries. You can work for longer, and the weight of the batteries is relatively low."

DRYWALLER

JOE MALCOLM
 SITE MANAGER AND PLASTERER
11 YRS IN THE TRADE UK

"From AEG tools what we've found that we really like is the power that you get from the tools. The HD batteries give you that little bit more out of the tool... giving you that little bit more power, that little bit more runtime. Because most of the site is AEG, you can just grab an AEG battery wherever you are. It's just very handy to run the site off the same battery platform."

GENERAL BUILD

OLIVIER DAVID
 CONSTRUCTION BUSINESS OWNER
33 YRS IN THE TRADE FRANCE

"Before working with the AEG range I was using mostly Bosch tools which didn't give me the same product satisfaction or service satisfaction, or versatility. So that's why I trust AEG now."

KITCHEN FITTER

FABIAN BIHLMAYER
 OWNER, JOINER & KITCHEN FITTER
8 YRS IN THE TRADE GERMANY

"My favourite tool was the electric planer. It's battery powered, doesn't need cables, it's easy to handle and we can work more quickly and efficiently on site."

ROOFER

PASCAL POIRIER
 ARTISAN ROOFER
23 YRS IN THE TRADE FRANCE

"My favourite tool is the battery powered 125mm grinder because it's very light, very functional and I use it a lot in places like little nooks that are inaccessible with extension leads. So that's my favourite... tool."

CARPENTRY

TOBY COLDECOTT
 JOINER
20 YRS IN THE TRADE UK

"The multi-tool is absolutely fantastic. Very, very light, and very, very nimble. It really is a good bit of kit."

*Some of the AEG products were provided to the tradesmen free of charge prior to giving testimonials. All testimonial however are a true opinion of the tradesman based on their experiences with AEG tools.
